TRUSTEES' REPORT

Report of the Trustees for year ending 31st December 2016

The Trustees present their Annual Report and Financial Statements of the charity for the year ended 31st December 2016 and confirm that the Financial Statements comply with current statutory requirements, Charities Act 2011, Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard 102 applicable in the UK and Republic of Ireland published on 16 July 2014 and the Trust's governing instruments.

The Annual Report and Financial Statements are prepared on a consolidated basis: including the charity and its wholly owned subsidiary KH8 Ltd. The financial information within this report relates to the consolidated group numbers.

Reference and administrative details

The King Henry VIII Endowed Trust, Warwick's principle office, its list of Trustees and all its key advisors are set out on page 1 to these Financial Statements.

The Trust's £1 investment in the share capital of its subsidiary KH8 Limited is jointly held in trust by Mr R Griffiths, Mr S Copley and Mr J Edwards as nominees for the Trustees.

Structure, Governance and Management

The Trust was established by Letters Patent on the 15th May 1545 and since that time the Trust's governing documents have been modified on a number of occasions, with the latest 'Scheme' approved by the Charity Commissioners on the 23rd November 1978, with a further update agreed on the 28th November 2011.

In accordance with the governing documents, the Trust is managed by up to twelve Trustees: eight Co-optative and four Nominative. The Nominative Trustees are appointed respectively by the Bishop of Coventry, the Archdeacon of Warwick, Warwick Independent Schools Foundation and Warwick Town Council.

The Co-optative Trustees are recruited through a combination of advertising and directly approaching potential candidates. In appointing Co-optative Trustees, the Trustees take into account the skills and experience of the potential new Trustee in relation to the function and purpose of the Trust.

The Chairman of the Trustees is responsible for the induction of any new Trustee. This involves awareness of a Trustee's responsibilities, the history and purpose of the Trust, the governing documents, administrative procedures and organisational processes. Trustees are encouraged to attend appropriate training events where these will facilitate the undertaking of their role.

In 2016, the Trustees held four full Trustees Meetings, four Grants Committee Meetings, four Finance & Investment Committee Meetings and one Special Meeting. Trustees also attended seven meetings of the Europa Way Consortium, which is a joint venture with The Charity of Thomas Oken and Nicholas Eyffler and a private trust which is seeking to develop land owned by its members adjacent to Europa Way Warwick. The Trust's involvement is through its subsidiary KH8 Limited, which holds the land to be developed. The directors of KH8 Limited are all Trustees of the charity. KH8 Limited exists to maximise the return on the land held and to donate the net profits back to the charity.

At full Trustee Meetings the Trustees debate and agree the broad strategy and activities of the Trust including grant making, investments and risk management. The approval of individual grants up to £15,000 is undertaken by the Grants Committee that also monitors the extent of grant making during the year. The Finance & Investment Committee monitors the performance of the Trust's property, COIF and financial investment portfolio together with the financial performance of the Trust. The activities and performance of these sub committees are reviewed at full Trustee Meetings. The Trust's involvement in the Europa Way Consortium, chaired by a Trustee, has been a significant activity during the year and represents a major opportunity to realise value for the Trust and its beneficiaries. The progress of the Europa Way Consortium and the implications for the Trust is reported at each full Trustee Meeting.

The Trust has chosen to have no employees to avoid the risks of employment. Its Clerk & Receiver, Deputy Clerk and Accountant are all self-employed or operate through a service company. The Trustees receive no remuneration or benefits.

Objectives

The objective of the Trust is to provide income for Warwick's Anglican Churches, the Warwick Independent Schools Foundation (WISF) and grants for the benefit of the inhabitants of the Old Borough of Warwick, achieved through

THE KING HENRY VIII ENDOWED TRUST, WARWICK
(Founded by Letters Patent dated 15 May 1545)

TRUSTEES' REPORT

the distribution of funds arising from the investment of the Trust's Permanent Endowment. The Trust's governing documents require that funds be distributed on the basis of 50% to Warwick's Anglican Churches (Church Share), 30% to WISF (School Share) and 20% distributed as discretionary grants for the benefit of the inhabitants of Warwick (Town Share). Funds distributed to the five Anglican churches are used to pay the stipend and housing costs of the clergy with residual funds being used for the furtherance of religious and charitable activities in each of the parishes. Funds provided to the WISF are used exclusively to provide bursaries for pupils from the Old Borough of Warwick who would otherwise be unable to attend the school. Grants under the Town Share regularly include support to local schools, hospitals, Myton Hospice, non-Church of England churches, youth organisations, senior citizens, sporting organisations, museums and arts organisations, charitable support networks and support to individuals either directly or via other grant making charities.

Achievements in the year

During 2016 the Trust distributed a total of £1,108,450 to beneficiaries with £526,384 being distributed to the five Anglican churches in the town, £336,526 to the Warwick Independent Schools Foundation and £245,540 in discretionary grants to beneficiaries in the town of Warwick.

During the year the Church distributions funded the stipends and housing costs of the clergy for each to the five parishes and part payment of the costs of clergy support at the Myton Hospice located in Warwick. Funds provided to Parochial Church Councils have been used for a range of activities including the maintenance and repair of church buildings and community buildings adjacent to churches, community activities within parishes including support for young people, the elderly and the disabled. Under the 'project pool' parishes bid for funds, with projects being assessed on the extent of their community benefit. The total allocated to the 'project pool' in the year was £98,351 (2015: £100,905).

The distributions to the Warwick Independent Schools Foundation during 2016 have been used to provide bursaries for children who are resident in Warwick. The Foundation provides these bursaries on a means-tested basis.

Grants from the Town Share were made to 37 different organisations. Local state schools continue to be significant beneficiaries. Other major grants were to Warwick Apprenticing Charities, Warwick Corp of Drums, The Gap Community Centre, Guy's Cliffe Walled Garden Trust and towards an initiative supported by a number of Warwick's endowed charities assisting with Enhanced Medical Care at Home. Smaller grants have supported a range of activities including Myton Hospice, Playbox Theatre Company, New Life Church, Warwick Town Council, Senior Citizens Clubs and various counselling charities. 70% of all grants awarded benefitted local schools or young people.

The Trust sold two properties during the year. Its remaining commercial property in Bedworth, a parade of shops, was sold for £1.57m and agricultural land at Ilmington was sold for £0.24m. Both were sold for a premium over their 2015 year end valuation. Trustees considered that these properties had reached their maximum potential and that the funds would be better invested elsewhere.

The Trust's involvement in the Europa Way Consortium, chaired by a Trustee, has been a significant activity during the year and represents a major opportunity to realise value for the Trust and its beneficiaries. The Consortium signed an agreement with Catesby Property Group PLC during the year to put in place significant infrastructure to enable the site's value to be maximised. The Trust's share of the costs incurred by Catesby on the consortium's behalf is included in Stock. In 2016 this was £181,128.

Financial Review of the year

During the year total income from the Permanent Endowment amounted to £1,113,130 (2015: £1,360,425) with rents, licences and wayleaves from the Trusts property portfolio totalling £741,239 and dividends and interest income from financial investments totalling £371,891.

The cost of achieving the Trust's income relating to property management expenses and stockbroker fees totalled £266,985 (2015: 326,319). Other costs relate to support activities of £85,463 and governance costs of £13,833.

The Trust's investments performed well again this year, gaining in value by £2,285,663 (2015: £814,987).

Total Net Income (including investment gains) of £3,032,512 (2015: £1,753,504) is the total return on the Trust's Permanent Endowment, a return of 10.6% (2015 6.3%) in the year.

The funds made available for distribution to beneficiaries in 2016 is determined by the application of the long term distribution rate within the Trust's Investment Policy, set at 3.35% in 2016. The proportion of the Permanent Endowment made available in 2016 was £1,090,456 (2015: £1,121,755).

In addition to income from the Permanent Endowment there was interest income of £550 (2015: £797) from the Town Share reserves in the Beneficiaries Income Fund.

TRUSTEES' REPORT

Reserves

The Trustees do not, as a matter of policy, retain significant reserves. The Trust does however ensure that sufficient cash resources are available to meet the distribution to beneficiaries.

The distribution to the Churches and WISF are made in regular quarterly payments with a final payment following the approval of the Trust's accounts. This is normally by June of the following year.

The Town Share, which is available for grant making, typically has a reserve of about one year's distribution. This allows scope for flexibility within grant making. At the year end the balance was £188,982 (2015: £215,881).

Investments and Investment Policy

The Trust's Investment Policy aims to produce stable, sustainable income to beneficiaries that preserve their long term purchasing power whilst also preserving the real value of the endowment over the long term. This is achieved in part by the adoption of Total Returns accounting from 1st January 2012. This was permitted by a Charity Commission Order dated 22nd September 2011. Further details on Total Returns and the calculation of the income to be applied each year are set out in Note 1 to the Financial Statements.

The Investment Policy also includes the basis for the amounts to be made available for distribution for beneficiaries. The distribution is based on the Yale Spending Rule. The methodology developed by Yale University and adopted by a number of Endowment Funds incorporates a number of key elements: the carrying forward of 80% of the prior year's distribution, the use of CPI as an appropriate inflation factor and the Long Term Sustainable Distribution Rate (LTSDR) applied to the value of investments. The Investment Policy requires that these elements are kept under regular review and during 2016 the LTSDR was reduced from 4% to 3.35% to reflect the more challenging investment market. In order to meet the 3.35% LTSDR and to cover net operating expenses (c. 0.4% of assets) the Trustees have set an investment target of 4.5% total return, after adjusting for inflation.

As part of the review of the Investment Policy and the parameters used in the Yale Spending Rule methodology to calculate the Appropriation each year the Trustees have agreed to amend the weighting between prior year Appropriation/asset value from 80:20 to 50:50 from 1st January 2017. (See Note 1 – 'Total Return' and 'Income Application' – for current details.)

The Trust's asset allocation seeks to diversify risk whilst achieving optimum returns over the long term. The listed investments are managed either by the CCLA COIF fund or are managed on a discretionary basis by Quilter Cheviot. Both funds allocate investments over a range of financial instruments, including equities, bonds and commodities. Each has agreed asset allocation benchmarks to maintain diversity and assess performance. Property is currently held directly but in future Trustees anticipate making use of charity property funds.

The Trust's investments are constantly reviewed and changes made when appropriate and on professional advice.

The Trust does not include any social, environmental or ethical constraints in its Investment Policy. In practice it ensures that it meets all legislation and, in particular to its land and property investments, ensures that the value of the assets is not undermined by ignoring these issues.

Land for development

The land at Europa Way is held by KH8 Limited, the Trust's wholly owned subsidiary. As the intention of KH8 Limited is to further develop and then sell the land, the value of land held is treated as stock in the KH8 Limited accounts and the consolidated accounts. During the year an agreement was signed with Catesby Property Group PLC to put in place significant infrastructure to enable the site's value to be maximised.

The Trustees have continued to monitor the progress of the Warwick District Council's Local Plan in so far as it may affect any of their land holdings. This is done in part with the Europa Way Consortium and partly on its own account.

The Trust has one land holding that remains included as a preferred option in Warwick District Council's draft Local Plan. A 15 acre field at Hampton Magna that is identified for up to 130 dwellings. The potential for the Hampton Magna site depends on the Local Plan being adopted, which is expected to be autumn 2017. A 5 acre section of land at Glebe Farm, Cubbington, which is jointly owned with Sir Thomas White's Charity, had been included but has now been removed.

The Trustees have engaged professional advisors to help promote its land holdings.

TRUSTEES' REPORT

Risk Management

The Trustees maintain a register of the major strategic, business and operational risks which the Trust faces which is reviewed on a regular basis. Risks are minimised through the clear delegation of responsibility for the mitigation of each area of risk and regular reporting of action taken at full Trustee Meetings and Sub Committee Meetings.

Trustees consider that the major long term financial risk is the potential for reduced returns on investments negatively impacting the value of the permanent endowment to the detriment of current and future beneficiaries. In particular the impact of inflation reducing real returns and lower investment property values in the medium term are concerns for the Trust. Recognising these issues the Trust has adopted the use of a total returns approach in order to stabilise distributions to beneficiaries and maintains close contacts with its stockbrokers and property managing agents with respect to the future outlook for investments.

The major short term risk is failing to achieve the potential value from the sale of land for development. Developments that could significantly increase the value of the permanent endowment. To mitigate this risk the Trustees either through KH8 Limited and the Europa Way Consortium for its land at Europa Way or directly itself for other land holdings engage professional advisors to provide support and advice on planning and all land development matters.

The major operational risk relates to the limited resources utilised by the Trust and the dependence upon key individuals to undertake the Trust's activities. The Trust relies upon the Clerk and Deputy Clerk to undertake day to day activities and encourages Trustees to take interest in particular aspects of the Trust's activities in order to provide the necessary cover should this be necessary.

Plans for Future Periods

As a permanently endowed charity where the majority of distribution to beneficiaries is clearly defined within the governing documents the primary focus on future plans is the management of the Trust's investments. Most significant amongst these are the management of the land at Europa Way, through KH8 Limited along with the Europa Way Consortium, and the sale of other land. The Europa Way land is being better prepared for sale by a recent agreement with a promoter to address infrastructure issues and to make the site available in more saleable parcels. This will take a few years to come to fruition. The other land holdings remain dependent upon the Local Plan being adopted, which is anticipated to happen in autumn 2017.

Public Benefit

The Trustees give regard to the Charity Commission guidance on public benefit and consider that in so far as the objectives of the Trust are to provide for religious, educational and other charitable activities within the town of Warwick. The Trustees consider that these objectives are met through the distribution of funds in accordance with the Trust's governing documents, which fulfil the public benefit requirement.

Statement as to disclosure of information to auditor

The Trustees who were in office on the date of approval of these financial statements have confirmed, as far as they are aware, that there is no relevant audit information of which the auditors are unaware. Each of the Trustees have confirmed that they have taken all the steps that they ought to have taken as Trustees in order to make themselves aware of any relevant audit information and to establish that it has been communicated to the auditor.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31st December 2016

1 ACCOUNTING POLICIES

Accounting convention

The financial statements are prepared under the historical cost convention as modified by the inclusion of investments at market value. In preparing the financial statements, the charity has followed Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard 102 applicable in the UK and Republic of Ireland, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and the Charities Act 2011.

The Trust constitutes a public benefit entity as defined by FRS 102.

The Trustees consider that there are no material uncertainties about the Trust's ability to continue as a going concern. The most significant areas of uncertainty that affect the carrying value of assets held by the Trust are the year end valuations of commercial property and land, especially land with development potential (see the Investments and Investment Policy, Land for Development and Risk Management sections of the Trustees' Annual Report for more information).

Basis of Consolidation

The financial statements of the charity and its subsidiary are consolidated on a line-by-line basis to produce the 'Group' numbers.

Group related party transactions

The company has taken advantage of the related parties exemption contained in FRS102 and has not disclosed transactions with its wholly owed subsidiary.

Incoming resources

Incoming resources are recognised once the charity has entitlement to the resources, it is probable that the resources will be received and their monetary value can be measured with sufficient reliability.

Rents receivable

Rents receivable are accounted for in the year to which they relate on an accruals basis.

Investment income

Investment income is accounted for in the year to which it relates on an accruals basis for COIF investments and on a receivable basis for listed investments. The income is gross of management fees/costs.

Interest receivable

Interest receivable is accounted for in the year to which it relates on an accruals basis.

Resources expended

Liabilities are recognised as resources expended as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on accruals basis and has been classified under headings that aggregate all costs related to the category.

Grants to Town Share beneficiaries

Grants are made to third parties in furtherance of the charitable objectives of the Trust. The grants are accounted for where either the Trustees have agreed to pay the grant without condition and the recipient has a reasonable expectation that they will receive a grant, or any condition attaching to the grant is outside the control of the Trust.

Cost of generating funds

The costs of generating funds consist of property management expenses and investment management costs.

Charitable activities

Charitable activities consists of grants made.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31st December 2016

Governance costs

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include audit fees and Trustee related costs. Support costs in connection with Governance matters are considered insignificant and have not been separately analysed.

Property related professional fees

All professional fees are charged to income and expenditure in the year in which they are incurred unless they specifically relate to the purchase and sale of properties and are treated as capital, or are in the subsidiary and relate to the development land, in which case they are added to the value of Stock.

Fixed asset investments

Properties are stated at professional valuation at the year end. COIF investments are stated at market value provided by the fund manager of the COIF Charity Funds. Listed investments are stated at market value provided by Quilter Cheviot, stockbrokers.

The Statement of Financial Activities includes the net gain/loss on revaluation.

Investment in Subsidiary

The investment in the Trust's subsidiary, KH8 Limited, is 100% owned. The Trust's £1 investment in the subsidiary's share capital is shown as a fixed asset investment. The share is jointly held in trust by Mr R Griffiths, Mr S Copley and Mr J Edwards as nominees for the Trustees.

Stock

Stock is the cost of land held for sale, including SDLT and professional fees incurred specifically related to protecting or enhancing the value of the land and to bring the land to market.

Financial instruments

The Trust only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

Total Returns

The accumulated total return (i.e. all net income and any capital gains/losses) less any part previously set aside for distribution to beneficiaries is treated as the "unapplied total return". Each year the total return in the year is added to the "unapplied total return" and the amount then applied (i.e. distributed) is deducted.

When implementing the total returns approach it was not possible to accurately identify the split of the Permanent Endowment Fund between the "original gift" that cannot be distributed to beneficiaries and the "unapplied total return" which can. It was therefore agreed to use the value of the Permanent Endowment Fund (previously the Capital Fund) at the date of the 1978 Scheme as the "original gift". This was £338,281.

At 1st January 2012 the Permanent Endowment Fund was split into the "original gift" of £338,281 and the "unapplied total return" of £23,182,056.

Income Application

Under Total Returns, it is the Trustees' responsibility to determine what amount should be transferred from the "unapplied total return" for distribution to beneficiaries, on a basis that is equitable for both current and future beneficiaries.

The broad principle adopted by Trustees is to adopt a level of distribution that is consistently achievable over the economic cycle and which also allows for the permanent endowment to grow in line with inflation. This Long Term Sustainable Distribution rate is set in the Investment Policy and from 1st January 2016 is set at 3.35% (2015 and previously: 4%). The actual Appropriation in the year is calculated as:

- 80% of the previous year's Appropriation increased in line with inflation (using CPI), plus
- 20% of the closing asset values for 2015 multiplied by the "Long Term Sustainable Distribution Rate".

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31st December 2016

Funds accounting

Funds held by the charity are:

- a. Permanent Endowment Fund – this fund represents the original endowment adjusted by subsequent gains and losses on investments, and since 1st January 2012 the net income less the income applied. In note 15 this is subdivided into the “original gift” and “unapplied total return” as required by accounting for Total Returns.
- b. Beneficiaries Income Fund – this fund is the funds attributable to the beneficiaries. The opening balance is the funds applied to beneficiaries but not distributed by the year end. The additions during the year are the income applied from the Permanent Endowment and interest income earned on funds not distributed. The basis of the allocation of the distribution is in the note on Objectives on page 2.

Tax

KH8 Limited, the subsidiary, intends to distribute all profits under gift aid therefore no corporation tax is payable.
